SIR,

Fig. U. in file no 359-12

With reference to Government Order No.3826-8/Edn.359-12- of the 23rd September 1913 sanctioning the loan of the services of an Overseer from the Public Works Department to the Education Department for one year, I have the honour to inform you that in connection with the expansion of Primary Education in the State the need for the construction and improvement of Village School Buildings has grown immensely and the building work has in consequence necessitated the retention of the D.P.W. Overseer in the Education Department for some time more as professional knowledge is wanted in dealing with the plans and estimates relating to school buildings. The Overseer lent to the Education Department is doing useful work, and he also does out-door work in regard to the selection of sites, inspection of buildings &c. I enclose a statement

of the work done by him from the 4th November last when he joined the office till the end of June following. I beg to recommend that Government may be pleased to sanction the continuance of the Overseer's services along with his two orderlies for a further period of two years.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General.
